Be Active Wales Fund – Can I Apply?

#CymruActif BeActiveWales

Has COVID-19 prevented you from delivering your community physical activity or sport?

✖ Are you required to adapt your physical activity due to Welsh Government guidelines?

Does your sport/activity require you to buy something in order to adhere to those guidelines?

Do you need financial support from outside your club or organisation to buy the appropriate products?

Are you a football club?

Before you consider applying for financial support from Sport Wales – the Football Association of Wales require that you complete their Covid-19 Impact Survey.

The Welsh Rugby Union are offering financial support to rugby clubs in Wales to help them return safely to sport. Contact the WRU's Club Development Team.

✔ Have you had to stop your activity completely?

Has this had a financial impact on your activity/club/organisation?

Do you require financial support to ensure your activity can resume when it's safe to do so?

Are you a rugby club?

We can help!

Funding can help your activity survive the pandemic and/or get you back on your feet, so that you and your local community can enjoy being active once more. It's important to consider exactly what the guidelines are for your sport or activity. All you need to know about the Be Active Wales Fund can be found at www.sport.wales/beactivewalesfund

You might be ok!

It sounds like either your activity hasn't been affected by the pandemic which means you can continue your activity whilst following Government guidelines, or that you have a good financial set up that you don't require support elsewhere. If you're unsure, head to our Help Centre. Or check out the other financial support out there for clubs and organisations.
