

Browsers which work with our online Grant Application system

Applicants must have access to the Internet and a Web browser that allows cookies.

The following browsers have been certified compatible with CCGT (our online grant application system):

- Google Chrome
- Internet Explorer® 11
- Internet Explorer® 10
- Internet Explorer® 9
- Mozilla® Firefox® (for PC and Mac)
- Safari® (for PC, iPad and Mac)

NOTES:

- Browsers are tested and certified using default settings
- All browsers should have the latest updates available installed
- If your browser is not one of the supported versions above or you are having problems using our Grant Application Portal, or our online Application forms with your current browser, then we would recommend downloading Google Chrome
